

**SPECIFICATION:**

Please amend the paragraph in lines 8-14 on page 5 of the specification as follows:

"Figure 6A is a block diagram showing that a client data terminal is downloading data from a server data terminal through a communication network; Figure 6B is a block diagram showing a situation where the communication is interrupted; and Figure 6C is a block diagram showing a situation where the interrupted communication is reestablished; and Figure 6D is a block diagram showing a situation after the reestablishment of the communication is completed.

Respectfully submitted,

Date: November 3, 2005
